Coverage for: Individual, Spouse and Family | Plan Type: PPO

The Summary of Benefits and Coverage (SBC) document will help you choose a health plan. The SBC shows you how you and the plan would share the cost for covered health care services. NOTE: Information about the cost of this plan (called the premium) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, visit https://www.gravie.com/. For general definitions of common terms, such as allowed amount, balance billing, coinsurance, copayment, deductible, provider, or other underlined terms see the Glossary. You can view the Glossary at https://www.healthcare.gov/sbc-glossary/ or call 855.451.8365 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-network providers: \$3,000 individual/\$6,000 family. Out-of-network providers: \$10,000 individual/\$20,000 family.	See the Common Medical Events chart below for a summary of coverage provided by this <u>plan</u> . For some services, a <u>copayment</u> or payment toward the <u>out-of-pocket</u> may apply.
Are there services covered before you meet your deductible?	Yes. In-network preventive care services, office visits (primary and specialty care), online care through MDLive, labs and related imaging work, urgent care visits and generic prescriptions are covered at no cost. The no cost portion only applies to labs/imaging related to the office visit.	This <u>plan</u> covers some items and services even if you haven't met the <u>deductible</u> amount. For example, this <u>plan</u> covers certain preventive services without cost-sharing. See a list of covered preventive services at www.healthcare.gov/coverage/preventive-care-benefits/. Copay/coinsurance may apply to some services.
Are there other <u>deductibles</u> for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	In-network providers: \$3,000 individual / \$6,000 family (\$3,000 per family member). Out-of-network providers: Not applicable. For ease of reference, your out-of-pocket maximum will be referred to as OOPM through this document.	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket</u> limits until the overall family <u>out-of-pocket limit</u> has been met. The in-network OOPM is the same as the <u>deductible</u> . There is no <u>out-of-pocket limit</u> for out-of-network <u>providers</u> .
What is not included in the <u>out-of-pocket</u> limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a <u>network provider</u> ?	Yes. See www.aetna.com/asa or call 855.451.8365 for a list of network providers.	This <u>plan</u> uses a <u>provider network</u> . You will pay less if you use a <u>provider</u> in the plan's <u>network</u> . You will pay the most if you use an <u>out-of-network provider</u> , and you might receive a bill from a <u>provider</u> for the difference between the <u>provider's</u> charge and what your <u>plan</u> pays (balance billing). Be aware your <u>network provider</u> might use an <u>out-of-network provider</u> for some services (such as lab work). Check with your <u>provider</u> before you get services.

Important Questions	Answers	Why This Matters:
Do you need a referral to see a specialist?	No.	You can see the <u>specialist</u> you choose without a <u>referral</u> .
